Executive Sponsor Package

Mission

In a world that is increasingly divided Camrose Arts Society's top priority is uniting communities through the arts. We believe in a broad definition of the arts for the purpose of creating inclusive arts opportunities for humans coming from all walks of life.

Vision

In this our goal is to create a widespread member base of artists in Camrose, and the surrounding area to build a united force of artists, and art lovers alike who have access to spaces where they can conceptualize, and collaborate. It is through this effort that we believe we can be a strong community where no artist is ever completely alone.

OPPORTUNITIES

With executive sponsorship you have the opportunity to sponsor the infrastructure of Camrose Arts Society as a whole. Though our team of two is small it is also mighty, and with your generosity it would enable them to continue their dedicated efforts to keep Camrose Arts Society serving the community.

We are **strongest** together.
